

KINGSTON
ESTATE WINES

2008 MERLOT

Limestone Coast / Adelaide Hills

The Kingston Estate wine range celebrates the unmistakable quality of South Australia's premium wine regions. Each new vintage we source our fruit from the two regions that best display the true essence of each wine style. Capturing South Australia's Best Regional Qualities!

Looking for a wine variety suitable to reflect our easy going lifestyle? Look no further. Merlot possesses both the flavour profile and softness to suit all occasions.

By sourcing from regions that differ in their growing climate, we have been able to produce a wine rich and generous with excellent varietal definition. The Limestone Coast component provides structure and flavour generosity, with the Adelaide Hills component adding flavour richness and intensity.

All grapes were night harvested and picked at between 13.5° to 14.5° Baume and kept separate throughout the winemaking process.

Small batch fermentation at controlled temperatures has seen a magnificent colour and flavour profile in this wine. By reducing the grape skin contact this ensures the wine's finish is soft and flavoursome.

After fermentation, select parcels were transferred to both one and two year old French and American oak for maturation.

The wine is deep red in colour with purple hues. Intense blueberry and violet aromas are supported by hints of spice. The wine is smooth and rounded with velvety tannins and subtle oak.

Kingston Estate Merlot is a wine to be enjoyed now, or can be cellared for up to 3-5 years.

Food Suggestions

Enjoy this versatile red with your favourite pasta dish lamb casserole or veal dishes.
