

THE GUILD of WINEMAKERS COLLECTIVE FERMENTATION FANATICS

2015 Shiraz

By Brett Duffin

A group of young and not quite so young wine makers got together to create The Guild where we can release our own creations as a collective while allowing our individual style to shine through.

My Shiraz displays plenty of colour and deep ripe fruit; I didn't use too much oak but there's enough there to add great structure. I made it to be enjoyed young and find it goes particularly well with charcoal grilled sirloin.
